मुफ्त बिजली योजना

SHAKTI
ON ROOF

Shakti Energy Solutions

Made in Bharat. Made for Bharat.

Shakti Energy Solutions Ltd. is at the forefront of transforming India's solar rooftop landscape for both homes and businesses. As a wholly owned subsidiary of **Shakti Pumps (India) Limited**, Shakti Energy Solutions is the only brand in the industry to offer all three critical components—**Solar Modules, Inverters, and Module Mounting Structures**—under one roof.

This integrated approach ensures unmatched quality, seamless system compatibility, and long-lasting performance. Our customers benefit from greater reliability, faster delivery timelines, improved efficiency, and overall cost-effectiveness—making Shakti Energy Solutions the trusted partner for sustainable energy solutions.

Solar PV Modules

The power of the Sun, at your command

The photovoltaic panels actively convert sunlight into electricity, offering an efficient and eco-friendly energy solution.

Saves up to 90%
on electricity bills

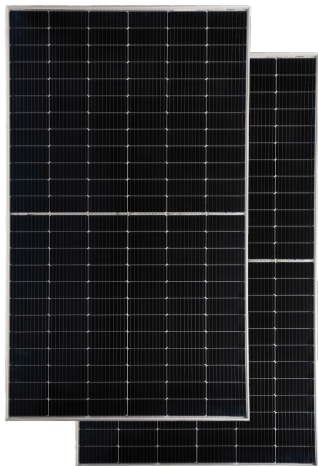

Minimal
Maintenance

BIS-certified &
ALMM-listed

Mono PERC- BiFacial & TOPCon-BiFacial

Sunshakti Inverter

Innovation powered by next-gen tech

The Sunshakti Inverter ensures maximum energy harvesting from the solar panels.

Artificial Intelligence
Powered

Class 1
Supplier

Improved
generation per kW
